1. The purpose of this modification is to incorporate the PH4 Phone Seat as services to be provided under this Delivery Order.
2. The following shall be incorporated as Item 31, in Part III, Section B, of this delivery order.

31. PH4 Phone Seat

Functionality: In addition to the PH4 Phone Description Functionality (NAS5-98144, E.2.3.2.4), the Contractor shall provide the following four systems to accommodate conference rooms of various sizes with optional expandability features, if required. Each system will include a single analog phone connection microphone and speaker, as a minimum. The Contractor shall perform all installation in such a manner to ensure that there are no safety hazards. Before obtaining or providing any radio frequency wireless equipment, the Contractor shall obtain the necessary frequency authorization from the Center's Spectrum Manager.

- a. **PH4 Basic:** Consists of a single instrument with at least three internal microphones to provide 360 degree coverage, a central digitally tuned internal speaker to clearly communicate anywhere in a conference room, and a keypad with a mute button and a special features key. The special features key shall provide, as a minimum, the capability to conference and transfer.

This system is aimed at conference rooms of approximately 10x15 feet and an audience of 12 or less people.

- b. **PH4 Small:** Consists of a single expandable instrument with at least three internal microphones to provide 360 degree coverage, a central digitally tuned internal speaker to clearly communicate anywhere in a conference room, and a keypad with a mute button and a special features key. The special features key shall provide, as a minimum, the capability to conference and transfer.

This system is aimed at conference rooms of approximately 15x20 feet and an audience of 20 or less people.

- c. **PH4 Medium:** Consists of a single instrument with at least three internal microphones to provide 360 degree coverage, a central digitally tuned internal speaker to clearly communicate anywhere in a conference room, a keypad with a mute button and a special features key, and 2 externally-wired microphone.

This system is aimed at conference rooms of approximately 20x30 feet and an audience of 45 people or less.

- d. **PH4 Large:** Consists of a single instrument with at least three internal microphones to provide 360 degree coverage, a central digitally tuned internal speaker to clearly communicate anywhere in a conference room, a keypad with a mute button and a special features key, 4 externally-wired microphones, and 1 satellite speaker.

This system shall be expandable. The Contractor shall make expansion speakers

and microphones available from the catalog.

This system is aimed at conference rooms larger than 20x30 and an audience of up to 150 people.
